

“Faith in Action”

Worcester Islamic Center – Isma’il Quran Academy

Mission Statement:

To nurture a love for the Quran in the hearts of our youth by providing a structured, personalized curriculum that builds foundational skills, enhances fluency, and promotes and facilitates memorization of Allah’s book. Through fostering an atmosphere that encourages the pursuit of knowledge (‘ilm), sincere worship (‘ibadah), commitment to justice (‘adl), and striving for excellence (‘ihsaan), we create an engaging and supportive environment that inspires a lifelong connection to the Quran.

Program Description

The Isma’il Quran Academy is a structured and personalized Quran learning program, offering a comprehensive curriculum designed to cater to various skill levels. This program maintains a connection between the teachers and parents of the students, ensuring a collaborative and supportive learning experience for all students.

- 1) Designed for children aged 5-17.
- 2) Classes run from Mondays to Thursdays.
- 3) Class timings are from 4:00 PM to 6:00 PM.

The program features:

- **Five Levels and Nine Tiers:**

- Levels 1-3: Mastery of Al-Qaaidah Al-Nooraniyah
 - Our students starting their journey with Allah’s words begin here. Whether students are learning the Arabic alphabet newly, or practicing instrumental skills, they will be placed in the appropriate tier with their peers. Completion of this level is marked by completion of the Al-Qaaidah Al-Nooraniyah book and final test.
- Level 4: Mastery in Fluency & Tajweed
 - Our intermediate students may test out of Al-Qaaidah Al-Nooraniyah and begin directly by reading directly from the Mushaf (Quran). The purpose of this level is to increase reading fluency in our students, and to have

them read with precision-level Tajweed. Completion of this level is marked by an oral exam proctored by the program director.

- Level 5: Quran Memorization
 - This level is for our most advanced students who have a strong working proficiency of the Tajweed rules, have exhibited a willingness and dedication to memorize the book of Allah, and are willing to be consistent and work hard to achieve their goals.
- **Tailored Learning:** A placement test ensures students begin at the appropriate level. Students have the option to take advancement tests to progress through the different tiers, ensuring consistent improvement.
- **Flexible Registration:** The Isma'il Quran Academy operates on a term-based system, requiring new registration each term. The first term is 2 months long and costs \$200 or \$100 per month.

Join us to give your child the opportunity to develop a strong connection with the Quran in a nurturing and supportive environment.
